

# Sixth Form Open Evening

Tuesday 12th November 2019, 6pm-8pm

Presentations at 6.15pm in the main hall

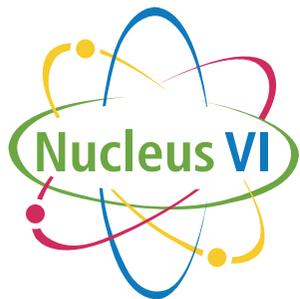

## An Academic Sixth Form of Character

Come along and visit our £1million state-of-the-art Sixth Form Centre. Enjoy light refreshments in our work room where you can chat to tutors and the Sixth Form Leadership Team.

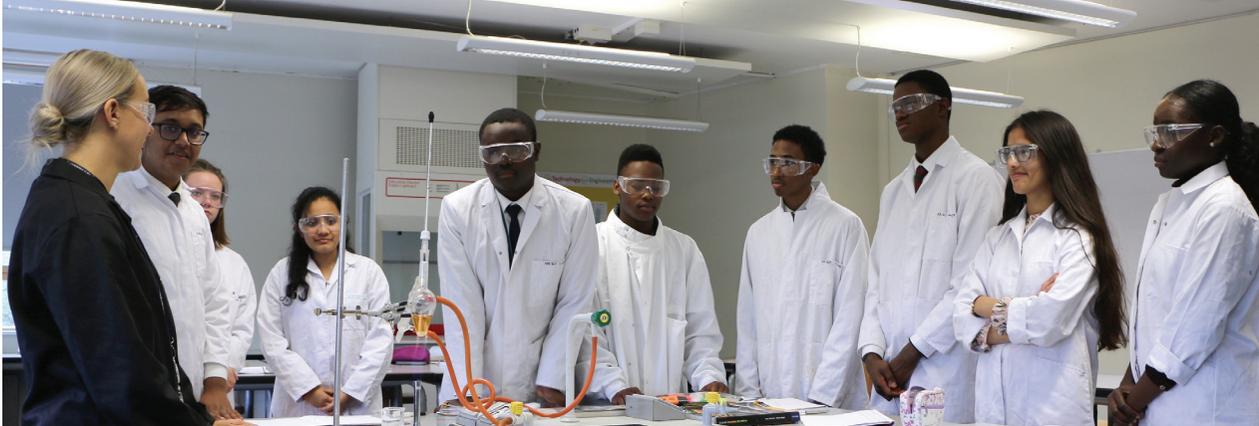

We offer a wide range of A Level or BTEC courses and a supportive tutor network, with expert UCAS guidance for students. University representatives will be present to answer your questions.

Further information and online applications can be found on our website: [www.northampton-academy.org/sixthform](http://www.northampton-academy.org/sixthform)

## Sixth Form Programme For Aspiring Medical Students

**“Providing a unique learning opportunity, to aid students with natural aptitude and desire to attend medical school and excel in the field of medicine; underpinned by Northampton Academy’s core values of Respect, Determination and Ambition.”**

Nucleus VI is the Sixth Form equivalent of Nucleus Gifted STEM Stream. It is designed to aid students with a natural aptitude for science and a desire to attend medical school.

The process of applying for medical school is very rigorous and requires a serious commitment of both time and effort over an extended period. Our Nucleus VI team will be available to help students every step of the way with their applications to give them the best possible chance of gaining a place at a top university to study medicine.

With only just over 10% of applicants gaining a place at medical school, expert guidance and opportunities are vital.

At Nucleus VI we have worked very hard to secure advice and guidance from the best people around, to provide our applicants with the best opportunities and give them the highest chance possible of gaining a place on a very competitive course.

This exciting new venture for Northampton Academy, could be the extra push that students need to realise their ambitions. Places in the Nucleus VI cohort are very limited to allow the extra attention that is required to meet the demands of applying to medical school.

**Northampton Academy**  
The best in everyone™  
Part of United Learning

If you would like to know more about the Nucleus VI programme please get in touch through our email address [nucleus@northampton-academy.org](mailto:nucleus@northampton-academy.org) or visit our website [www.nucleus-stem.org](http://www.nucleus-stem.org)
